MEMORANDUM FOR RECORD

SUBJECT: Crime Awareness/Prevention Action; Case#00324-2019-CID024

1. The Fort Sill CID Office received an intelligence bulletin regarding a credible potential mass shooting to occur at an unknown movie theater during the release of the new Joker movie scheduled on October 4, 2019. The intelligence bulletin was published by Travis County, TX Sheriff's Office and working with the local FBI field office, they have discovered disturbing and very specific chatter in the dark web regarding the targeting of an unknown movie theater during the Joker release.
2. This notice is to have the widest dissemination to the FSOK community as a potential threat within the AOR. Commanders need to be aware of this threat for Soldier and family safety and to increase situational awareness should they choose to attend the release of this movie at a local theater.
3. The Fort Sill CID office will maintain visibility of this intelligence and update the FSOK community as new information becomes available.
4. Point of Contact for this report is the undersigned at (580) 442-2856 or email: [stephen.p.gontz.civ@mail.mil](mailto:stephen.p.gontz.civ@mail.mil).
